Click it Local

Huntingdonshire DISTRICT COUNCIL

Posted: Wed, February 17th, 2021

Huntingdonshire District Council has launched a new partnership with online retail platform 'Click It Local', which will enable independent shops in towns across the district to offer a range of products for customers and have them delivered on the same or next day.

From Tuesday 2 March, residents in Huntingdonshire can use Click it Local, enabling them to purchase everything from one marketplace – from weekly food essentials, gifts and treats from any independent businesses signed up to the platform.

Items can be chosen from many different shops within an order, with one payment and one delivery fee.

If you are a business interested in finding out more about signing up with Click it Local, please contact: hello@clickitlocal.co.uk
