

Welcome

NDL Community:

Working together to accelerate the use of tech, at a time where it matters the most

Presented by Tom Wright

25.06.2020

— Agenda

01. NDL Community User Group

02. NDL goes (more) online

03. NDL Digital Transformation Suite

01

NDL Community User Group

The purpose

To collaborate, share knowledge and replicable projects

Includes customers from across

NHS, Local Government, Housing, Education, Police

How is our community connected?

Online user forum – easy to share projects and resources

Something for everyone!

Both technical and business streams

01

NDL Community User Group

In the best interests of all, we have re-imagined how we connect with our NDL Community...

- In person events are not feasible
- Online weekly events to stay connected
- Over 100 people across 60 customer organisations attended our first event on June 18th.
- Customer stories, Roadmap sessions and more
- Here to stay.

Recognising the everyday excellence
of our customer projects

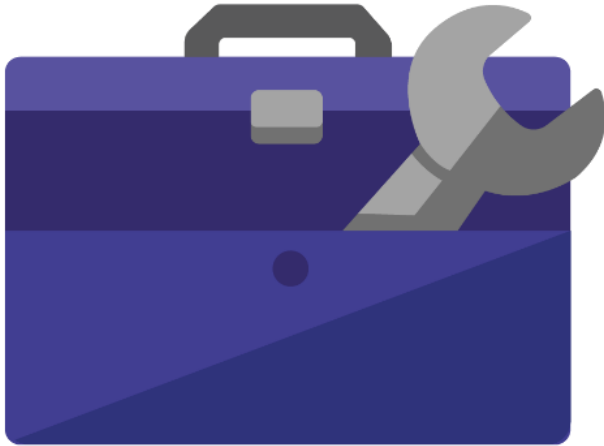

NDL goes (more) online

- All customer product training is being run online (at an increased capacity)
- NDL Professional Services team are now successfully delivering all projects remotely
- Non-customer events have moved to online - only
- *Again, here to stay*
