

Welcome

**Accelerating digital innovation:
low code tools and the power of
public sector collaboration**

Host – Patrick Marren, NDL Software

12.05.2021

— How has COVID-19 re-shaped our view on digital working practices?

What is the pandemic teaching us? – NDL User Community

Priority vs risk

Cross skilling is fundamental

User Experience is key

Reusability and collaboration is vital

NDL Transformation Suite Front End Digital Platforms

Native Mobile app

Cross platform

Drag and drop functionality

Online and offline capabilities

Corporate/departmental development

Web-based

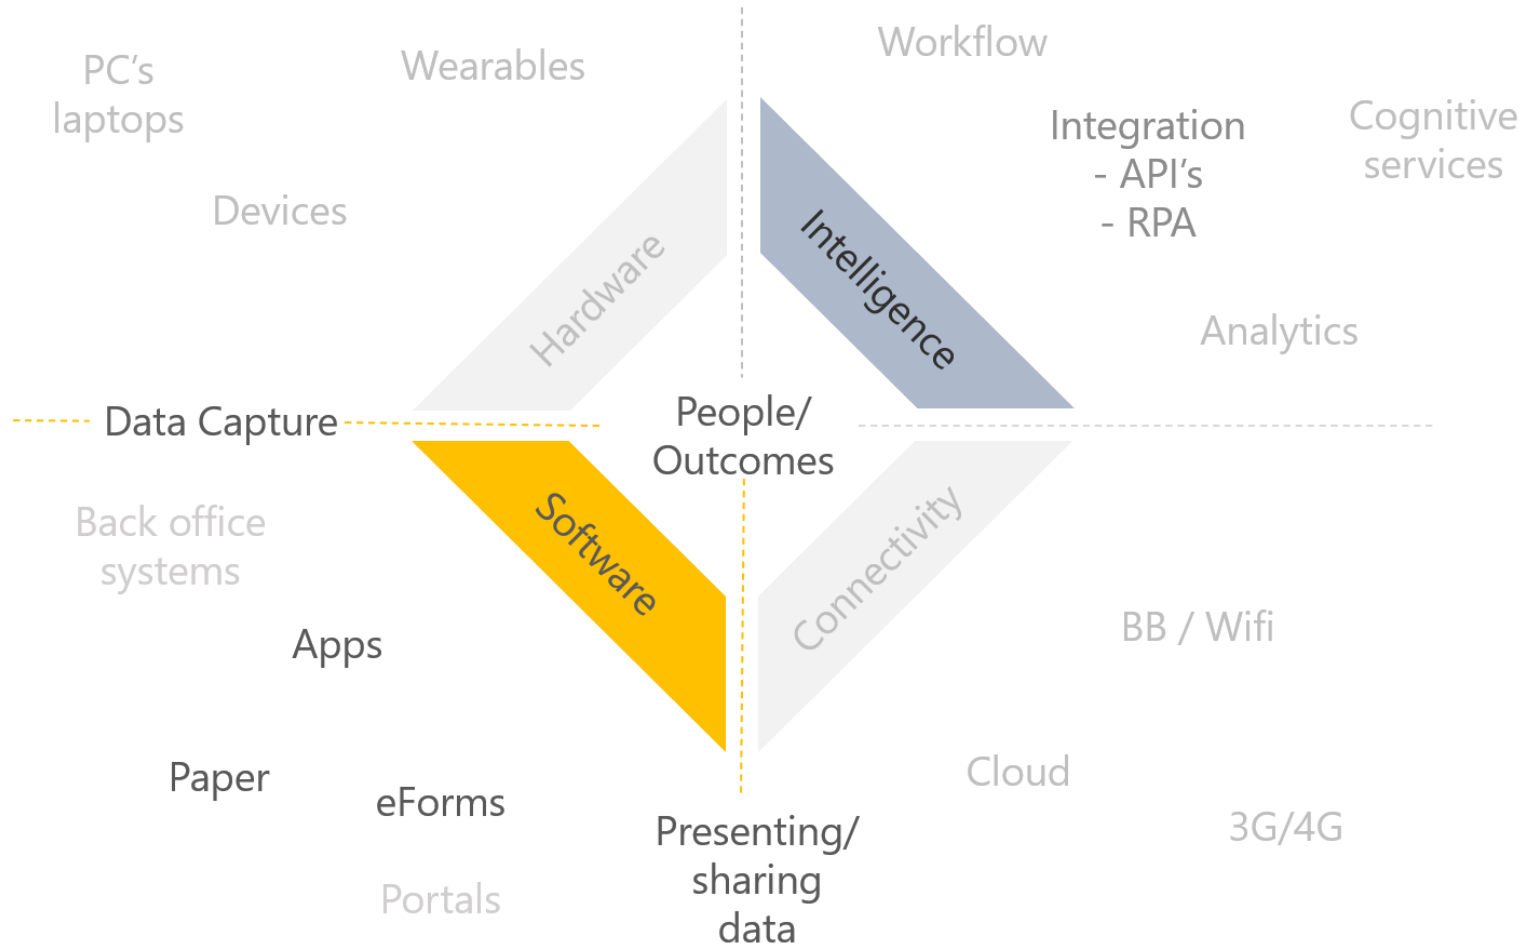

Look and feel of PowerPoint

Drag and drop functionality

Developer extensibility

Corporate form development

The Digital Landscape

Things to think about when deploying Apps and e-Forms...
